Re: Amherst Island Wind Project – Notice of Commencement of Construction

Dear Mr. Mahoney;

As per clause A7 of the Renewable Energy Approval (# 7123-9W9NH2) for the Amherst Island Wind Project, this letter is provided to notify your office of the commencement of construction activity at the project location. Construction is scheduled to start around November 15, 2016, pending final permitting associated with the work.

The initial construction activities may include the following: i) mainland dock access road, ii) mainland dock; iii) island dock; iv) island dock access road; v) island staging area access road; vi) transmission line work; and vii) a portion of the island staging area for aggregate storage and positioning of the batch plant. Future construction activity information will be posted on the project website and communicated to a Community Liaison Committee, which the company is currently coordinating.

Should you have any questions please feel free to contact the undersigned at (Senior Project Manager) 905-465-6756 or Sean Fairfield at 905-465-4518.

Best Regards,

Ariel Bautista
Senior Project Manager
Algonquin Power Co. (on behalf of Windlectric, Inc.)
